National Workshop on Typing Scientific Documents in LaTeX

August 09-10, 2019

Sikkim Manipal Institute of Technology, Sikkim

Organized by
Department of Mathematics *in collaboration with* Department of Civil Engineering

https://latexworkshopsmit.netlify.com

Hands on Sessions	Template Creation	Exercises	Only **40** Participants

What will you learn?

- Understand the proper way of installing LaTeX to minimize long term hassle
- Basics of creating a document
- Understand the minimal effort method of including math, graphics, tables and code in your documents
- Create well formatted mathematical equations, algorithms, and proofs
- Learn automating section numbering, equation numbering, etc.,
- Excellent bibliography management: Citations, References.
- Receive tips to make your documents stand out

Who can attend?

- Anyone!!! Yeah...no previous typesetting or programming experience required
- Specially for academic writers, but useful for anyone who wants to create professionally looking documents
- Graduate students, especially in math, science and engineering science fields
- Academic researchers
- Finally again...Anyone!!!
